EJustice Solutions Enhances Online Records Management with New Release

Ann Arbor, Michigan, April 7, 2011 - EJustice Solutions announces a new release of their EJustice Online hosted Records Management System available from any device with Internet access. This release introduces the new EJustice SmartSearch capability, a set of innovative information access tools that provide critical information to an officer at the point of enforcement. Officers can quickly and easily search records of all authorized EJustice customer agencies as well as authorized external data sources, all without leaving the RMS application.

Additional SmartSearch functions include a simplified keyword search interface, synonym searches, 'and/or' searching, as well as physical description and mugshot search.

The new release also includes a full set of Texas UCR reports as well as support for Tier 1 and Tier 2 racial profiling reporting on citations and traffic stops.

The release incorporates a number of user enhancements including streamlined Property and Vehicle entry screens, enhanced incident mapping and overall improvements to streamline and simplify incident reporting.

These enhancements demonstrate the continued commitment of EJustice Solutions to be the leading Internet hosted records management provider.

About EJustice Solutions

EJustice Solutions is an industry-leading provider of affordable browser-based [law enforcement record management systems](#). EJustice Solutions Records Management and [Jail Management systems](#) (RMS and JMS) deliver real-time, valuable and actionable information to police and other public safety officers at the point of enforcement, and simplify data exchange across law enforcement agencies and jurisdictions. The company's flagship product – EJustice Online – can be accessed from any computer or mobile device with an Internet connection. EJustice Solutions products have a 20-year heritage of service to customers ranging from rural and small town law enforcement agencies to large metropolitan agencies and governmental organizations, including the U.S. Navy's Emergency Response Management System.
