**EJustice Solutions Offers Most Secure SaaS Environment Available**

**Ann Arbor, Michigan, March 15, 2011** - EJustice Solutions announces they have upgraded their SaaS environment encryption to the latest and most secure option available.

EJS is now FIPS 140-2 compliant offering full 256 bit AES encryption as the primary option for users connecting to EJustice Online. In order to address agencies with older workstations and operating systems EJS also offers 128 bit AES as an alternative for those who require it. All encryption options are FIPS 140-2 compliant per the latest CJIS policy requirements. This is the latest in the company's ongoing efforts to offer the most secure, robust, and affordable RMS solution on the market.

**About EJustice Solutions**

EJustice Solutions is an industry-leading provider of affordable browser-based law enforcement records management systems. Led by a team with law enforcement and software technology expertise, the company is dedicated to serving those who work to fight crime and build safer communities every day.

EJustice Solutions records management and jail management systems (RMS and JMS) deliver real-time, valuable and actionable information to police and other public safety officers at the point of enforcement, and simplify data exchange across law enforcement agencies and jurisdictions. The company's flagship product – EJustice Online – can be accessed from any computer or mobile device with an Internet connection. EJustice Solutions products have a 20-year heritage of service to customers ranging from rural law enforcement agencies to large metropolitan agencies and governmental bodies, including the U.S. Navy.

EJustice Solutions is headquartered in Ann Arbor, Michigan, with offices in Colorado, Illinois, and Texas. For more information, visit [www.EjusticeSolutions.com](http://www.EjusticeSolutions.com).
